“ I met Avery for the very first time on April 19, 2022. He was wearing all camo and we were at a football game. I had a box of cheez-its. We laughed and joked about the game, how it was going, and the players. We were cheering for the same person. When I opened my box he immediately asked me why I brought them. I explained the foods over priced sometimes so I avoid it. He agreed and stuck his hand in the box without asking and took some. I wasn't mad. I laughed and said excuse you. He goes where are my manners, steals the whole box and says would you like some of my cheez-its ma'am. The story goes on and on till the game ends and the nights over. That box started a friendship I will never forget. Avery isn't gone. Or at least I choose not to believe that. I still don't think he's gone he's with in everyone's hearts that he touched. He will never leave mine.
