“ Jr. always had a smile on his face and joy in his voice. I can't remember a time in my life when Jr wasn't a part of it. I can see him sitting at the table drinking coffee and laughing about some foolishness he and daddy had done in their earlier years. My dad always said he was closer than a brother so I always considered him an important part of my family.

He was a doer..from his bountiful gardens, hard work ethics, love of fishing, love of family (by birth and those of us not by blood but by heart), his awesome cooking, and his ability to take care of others needs were just a few of the special ways he stayed busy.

Jr.loved sports.I know he was a wonderful coach and touched many young lives. I can't count the times he sat with my mom and dad watching Foley football games no matter how the season was going. He even took the time to come see my son play football for Gulf Shores. He has always been more to my family than just an all around good guy.

My heart breaks and my tears flow because I loved this wonderful man and there will always be a place in my heart where Jr's big smile will remind.

With much love to all of Jr's family,

“ *I am saddened by the loss of "Uncle Jr." and offer my sympathies to the family. So many of my childhood memories include this man. I still tell the story of him giving me my first (and last) raw oyster as he and my dad were cleaning fish and shucking oysters outside of his house after a fishing trip. He made them look so good, and I didn't even notice the ear to ear grin on his face while I tried the oyster. He got a good laugh out of my reaction. My memories of him were that he was always quick to laugh. What a gift to see the joy and humor in life. I have thought about him all week - such wonderful memories. Michele Fell Newton*
