“ I am sad to hear about Ricky. Like others I went to CBS with Ricky. He was always so kind, loving and funny. I am ashamed for not keeping I touch. Godspeed.

“ Ricky was an awesome person. Me and him dated for two years. I have a lot of great memories of him and the fun times we had. He was a fantastic hairstylist and I did that myself. He became sales rep for products at one time he would come into my salon and we would buy products from him. I think he just took a little time off of hairstyling and did that. His talent was hair styling and cutting though I pray for his family, especially his sister Phyllis, Tonya Mosley Kimpel

“ I went to CBS with Ricky. He was 1 year ahead of me. We played football together for 3 years and I also worked with him a few times at Uncle Joe's Body Shop. As I remember, he was a good student, good athlete, good painter, good hairdresser and just an all-around cool guy that the girls really liked. To me it seemed he always had a confidence in himself that I wished I would have had. On the football field, he was a good teammate, he was fast, had good hands & could play any position if needed, except on the line (maybe he could have done that too). The times I went to him for a haircut he did it just like I wanted. And as an auto painter he rarely, if ever messed up. He always seemed to use that confidence in himself in anything he did. Not in a bragging type of way, but he just knew his ability and used it to his advantage. I always liked and admired that. We both owned motorcycles for a while along with some other guys from school and we all rode together on occasion. Those were some really good times. Ricky was one of the good guys for sure. He was always cool with me and treated me right. I will never forget that. I am glad to say that he was my friend. Once a Trojan always a Trojan. Rest in Peace Ricky, you will be missed.
