“ *Dave was a big part of the Glass Systems family. We just wanted the family to know how much we loved working with him and how much he will be missed. He was a true asset to the company and such a wonderful person and brought laughter to our office daily. Praying for your family during this time.*

“ It is sad that our families are spread across the country making it hard to be together at times of sadness. Know that I hold David and his family in my heart and hope that we might one day have the opportunity to be together to remember happier times. Cyndi Newsome

“ We miss David hanging out with us at our barbque place and we were very close to him. He enjoyed being with us as we did being with him. If one of us was out and we got busy he would get in the kitchen and help. He would weed eat and do whatever He thought needed to be done around the store. He was proud to be a part of our business and we wanted him to be a part of it also, we loved David being with us.

David we truly miss you.

“ I am so saddened to hear of the passing of my cousin David Newsome.

While it has been many years since I have seen David, my remembrance of David from when we were young remains vivid and very positive.

David was a good person. I always looked forward to seeing him when our families got together and we always had a great time when we were together. He was polite, funny and sure, he had a mischievous side to him. But it all came together so well, and so genuine.

The world is going to be bit less complete now that he is no longer with us.

I'll remember you well David.

God bless you.
