“ I've heard it said that friends are flowers we pick from God's garden. Also that friends are few and far between. My husband and I were beyond lucky and blessed and fortunate to be picked by Debbie! She adopted us and took her under her wing and just had the most genuine and loving heart of anyone we've ever known in our lives. I'll never forget the first time she came to our home with tomatoes from her and Larry's garden, and shortly after that she rode up the street on her lawn mower insisting she helped mow our lawn! Of course I wouldn't let her but I just couldn't believe someone would really be so kind and go out of their way like that especially someone we only just met. Of course over the next few years time and time again she was constantly loving and generous, funny, and always there to bend an ear.. I will cherish all of the times we got to visit and I sure do miss her!!! So many things throughout my day remind me of her, butterflies, hummingbirds and a good cup of coffee among countless other things.. in my mind I can see her face and remember how much she loved being outside and loved the sunshine & a gentle breeze, and how easy she was to talk to, she always made me us comfortable & feel welcome. We loved her and we love her family and as I have told them many times we are just so grateful she brought us all together... So grateful to have her friendship and love. May you always feel her love and may God be with you always. ❤️
