

Mr Gary Ray Wiley III

November 4, 1991 - December 3, 2023

As one of the few in which had seen more pain of the world than most, Gary was always in a struggle to maintain the freedoms and rights of those surrounding him. Driven by the love and passion he had for those he loved, and always lending a hand to another before considering himself.

From Nov 04, 1991, to Dec 3, 2023, Gary Ray Wiley III Impacted the lives of his Father, Gary Wiley II, Mother, Fawn Yeldon, and younger Brother, Randall Wiley.

Gary saw in the world for himself what he believed to be right and wrong unaltered by the influence of society and sought to fight for a glimmer of it to be seen by not him, but by those he cared about. The biggest reason he had to smile was by making smiles for those he surrounded himself with.

Selfless and shunned for his beliefs, Gary stood by his morals and values even when the weight of reality drove him to escape it. No matter the end result, his driving motivator was the hope for others to escape the pains that burdened him until the end.

For the last 2 decades of his life, one statement echoed in the ears of those cherished by him.

Feeling trapped, unable to breathe and shackled to this earth. Your struggle within the confinement of

society have ended. This marks the unbinding of the tethers to this world and hope comes from all that

rejuvenation meets you on the other side of life. We hope you found the freedom you were looking for and

that you will wait for us on the other side as you always have during your time here.

We all miss you Gary and wish you were here. The lessons you've given about the world have not

fallen on deaf ears as you always feared. You will be remembered until the bitter end as with every

memory and lesson you left us with. Thank you for showing us your reality, and maybe we can retain such

hope for those you invested in to fulfill your dream in your stead.

Tribute Wall

“ You were my best friend and I miss you so much everyday you are missed and I know you are haunting me. I love you
