“ Jack met my mother in 1953. She was 12. I was born in 1954. Apparently I have dozens of other half sisters and brothers all over the country now.

“ Jack, you will forever be in my heart. The LOVE you gave me was the purest love I have ever known. We shared so many memories. Some good, some bad. THE most precious ones were the ones in the last few days. You taught me so much. Heaven got a special angel. I know you're up there smiling and dancing with your Mom. Rest in peace babe. And know you are GREATLY missed. Jimmy I am ALWAYS here for you. Never forget that. All my love Jeannine
