“ *I wish it would have been me instead of you nobody really knows how close we were and how much I loved you you are the most honest and thoughtful human being that I ever knew no one can ever take your place I pray that I'll make it up there to see you soon because my life will never be the same I'm hating that I wasn't at your funeral but I'm pretty sure the only person that would have wanted me there was you I love you  
Jen Jen I just wish that they would have got to know me maybe it could have been different and they would know that I didn't make these decisions*
