“ *I'm Robert Batley whose family lived across the across the street from the Gammon family in the 40s and 50s .*

For some reason I considered Bettygene an adult and was disappointed when she got married and moved to Orange Beach

Her mother and Dad were the administrators of Willow Wood Park in Woodlawn and basket ball coach. I think their grandfather built their home on 52nd Way and at that time their well was paved over with asphalt to improve the dirt roads.

I felt like Tommy was an adult also , but Richard was my best friend, but I was still the youngest .

Richard and I would climb atop the garage and I , thinking I could do as Batman and jump from the garage roof onto a tree limb and I did but my body had more momentum than my grip. I hit the ground so hard I couldn't breathe.

Richard moved on and somehow we lost contact . I was a follower and Richard was a leader

I think we all have had a charmed life and she Gammons have been part of my life..

Now , I'm ready to expire.

“ *Mrs Walker was a wonderful mentor to me when I began teaching second grade at Foley Elementary in 1972. She was so kind and helpful to a young and inexperienced teacher. I learned more from her than any education class I took in college. Deepest condolences to her family.*

I was lucky to have Mary Gene as my Sunday School teacher for all my teenage years at the Orange Beach Baptist Church. She had the best advice, sang beautifully in church, and was always there for us. She will be missed by many and welcomed home by many more in heaven - what a time they are having. Love and prayers for the entire family.
