“ *Will always remember Bud as a VERY WILEY Tennis Player.
(The definition of wily is something or someone who is cunning and sly.)*

Have missed playing with Bud the last few years.

I just couldn't find any words to say but I closed my eyes and then it happened! Suddenly someone reminded me to speak with your heart. I want to say how much I love granddaddy. I remember when Michelle rode her pink scooter to Waterville from granddads house. I also remember when he lived in Homewood. We used to go get gusses hotdogs before we went to the farm. And I couldn't forget the time grandady ran the red light and I said a swear word when he was driving the little diesel truck. I also remember when I thought I caught a snake on the pier and I went running screaming water moccasin. The thing is this sometimes you have to close your eyes and go back to those places to see that there are good people in this world where it doesn't seem to have any one like that. Granddad was just like that he would give you the shirt off his back if you needed it cause he always thought of everyone else first. He made sure that all of his kids had every chance to succeed. I also know that he took very good care of the wonderful and most beautiful woman in this world Cathy fogleman which I was am still is lucky to have in my life. She was my grandmother and granddads wife. I guess you never really get over things like this. I was always scared to have to get over things like this but finally I closed my eyes and someone said it's ok to not get over theses things completely because you don't want to forget the good memories. So please know that grandad loved all of his family and I love you so much and I am going to miss you till I see you again. From: Michael Fogleman ps. I hope everyone is doing ok. I will pray for you guys.
